How We Support You

We have been able to assist many businesses by providing an insight into the customs duty expenditure they incur each year. As a result of our compliance support, many companies are able to reduce the amount of customs duty they end up paying.

Crowe Horwath uses a Three Stage approach to Customs Compliance, based on our proprietary Global Trade Evaluator (GTE). This is a powerful tool that quickly analyses large volumes of customs data to highlight opportunities for duty refunds and ways to improve internal processes and compliance.

To support your business and your clients, we also provide specialised services in:

- Tariff Concession Orders
- Tariff Advices
- Anti-dumping matters
- Customs Valuation, including preparation of Transfer Pricing studies for the purposes of VA applications
- Enhanced Project By-Law Schemes
- Administrative Appeals Tribunal (AAT) matter

We also regularly monitor government policy, legislative changes and related court cases, to ensure we deliver relevant, up-to-date advice.
